## Catch up on the News & updates

As we start a new hunting season, we can look back at what was achieved during 2014-15, and give ourselves a massive pat on the back.

Last year the hunt supporters raised in excess of £120,000. This achievement was purely down to your hard work and support, for which The Kimblewick Hunt is truly grateful. Alongside this, a large amount of money was donated to external organisations and charities. I know I speak for all the beneficiary when I say, thank you to everyone. We really cannot do this without you. During 2015-16 we are hoping to bring back more local activities organised by local co-ordinators, you will see a list of these over the page, with the emphasis on having fun. The main supporters committee will be available to help and advise, as well as lend a hand as necessary. If you are planning an event I would ask that you let me know early on in the proceedings, so that we avoid date clashes. Finally a huge thank you to Ashley Brodin for all his help with the supporters club over the past years. I am sure you will agree he was an inspiration to us all. I hope you like the New Newsletter which we will try to produce regularly. Kate Mason

## Point To Point

Now we have got to the end of the Point to Point season we are able to look back and reflect on the success that this season has been. We would like to thank every one that has been and helped with the car parking, food stand, catching, Fence judging, race card sales and overall organisation.

We can see that the days are enjoyed by all, from families to stag parties! We wouldn't be able to hold these events without your support and help.

## Hunt Calendar Competition

As always, we are looking for great hunting or hunting related photographs to use in the 2016 hunt calendar.

The supporters club is also donating £50 prize for the judges favorite photograph whether it is used in the calendar or not.

All photographs will be credited to the photographers.

Please email your photographs by June 26th to:

The Rules are simple:

- ◆ All photographs must be received by 26th June
- ◆ Photographs must be of or related to the Kimblewick hunt and have been taken in the twelve months prior to the closing date.
- ◆ Digital photos only, please do not post prints.
- ◆ Photographs can only be used in the hunt calendar if they are of sufficient technical as well as artistic quality (don't be put off- mobiles phones take a very good photo)

## Clay Shoot's

The Clay shoots for the South Oxfordshire, organised by Roger and Sandi Hance run over 8 weeks at different farms – the final week on Tues 16 June. These 'Tuesday night shoots' were first started by my father-in-law, Allan Wynn as he felt there was much needed practice in order for us to beat the Inter-Hunt Clay Shoot against The Bicester Hunt for the prestigious Cup! This shoot has been running since 1951. We have retained the cup over the last 2 years with the help of our regular shooters and with some youngsters coming on to lead the way! Hoping we can retain this trophy this year!

The final shoot of the season is 'The Invitation Shoot' held at Peter and Celia Peakes in Pyrton. This shoot was started to thank the South Oxfordshire Farmers, Landowners and Keepers for letting us hunt over their land and for their valued support during the hunting season. Di Wynn
